

Pedi-Mate™

The Pedi-Mate™ is the ideal solution for paediatric transportation on a stretcher trolley.

Pedi-Mate™

PERSONAL ONSITE DEMO

The Pedi-Mate is the ideal solution for paediatric transportation on a stretcher trolley in an emergency setting. Designed for use on a trolley with a raised backrest, the Pedi-Mate's 5 point adjustable harness safely secures the child. Quick release buckles enable speedy removal of the young patient upon arrival at the hospital. Tested to 20g in a forward direction.

Standard features include:

- Uses 3 restraint straps to attach quickly, easily and securely
- Fully adjusting five-point harness system fits each child firmly and provides safe control during transport
- Securely holds a child up to between 4.5kg (10lbs) and 18.1kg (40lbs)
- Rolls compactly allowing for efficient storage and retrieval

Ferno (UK) Limited, Stubs Beck Lane, Cleckheaton,
